

Wire money securely and conveniently around the world.

Sending secure wire payments across the globe has never been easier. With Scotiabank's Wire Payments service, you can initiate wire payments quickly and conveniently from your PC.

Whether your business sends a few or a few hundred wires a month, Wire Payments ensures safe, secure receipt of your payment instructions online. In addition, Scotiabank's extensive branch presence and network of correspondent banking partners around the world will ensure that your payments are received and actioned promptly.

Wire Payments gives you the confidence you need to ensure your time sensitive and International payments are issued accurately, promptly and securely to anywhere in the world.

Wire Payments is for organizations that:

- Make frequent international payments; or
- Make high value or time-sensitive local payments; or
- Require funds concentration from international operations.

Benefits you can bank on:

ENHANCE WORKING CAPITAL

- Retain funds in your account until obligations are due.
- Take advantage of supplier's early payment discount.
- Negotiate improved payment terms due to streamlined funds clearing.

IMPROVE INFORMATION FLOW

- Receive real-time confirmation for receipt of payment instruction.
- Use Information Reporting to obtain timely confirmation of payment processing.

SIMPLIFY ADMINISTRATION

- Maintain financial control with a full audit trail and password-controlled access.
- Save time – no need to visit your branch to issue a payment.
