TRILLIUM CREDIT CARD TRUST II
CREDIT CARD RECEIVABLES PORTFOLIO

As at September 30, 2026

The following pertains to the Portfolio of Accounts ("**Portfolio of Accounts**" being interests in the Principal Receivables and Finance Charge Receivables (collectively, the "**Receivables**") generated in certain of its Visa accounts, Mastercard and/or American Express accounts specified in the Pooling and Servicing Agreement) in which Trillium Credit Card Trust II (the "**Trust**" or the "**Issuer**") will maintain undivided co-ownership interests through ownership of the Series Ownership Interests ("**Series Ownership Interests**" being an undivided co-ownership interest, as a tenant-in-common with any other Co-Owners and the Seller, in the Account Assets acquired by the Trust pursuant to a Series Purchase Agreement).

The information presented below is of two types. First, historical performance data summarizes the performance of the Portfolio of Accounts for the period ending on the date specified and for the previous fiscal years, by revenue experience, loss experience and accountholder monthly payment rates. Second, portfolio composition data summarizes the composition of the Portfolio of Accounts, in each case as at the dates specified, by account balance, credit limit, age of accounts, geographic distribution, delinquency and credit score. The composition of the Portfolio of Accounts will change in the future and, accordingly, these tables are not necessarily indicative of the future performance or composition of the Portfolio of Accounts.

The following tables may not reflect all non-material adjustments made from time to time. Percentages and totals may not add exactly due to rounding. The information contained in the following tables was provided by Scotiabank and is unaudited.

Portfolio of Accounts Performance

The Performance for the Portfolio of Accounts is as follows:

Revenue Experience for the Portfolio of Accounts

(Dollar amounts in thousands)

	9 Months Ended	Year Ended
