

Bank with confidence.

Thanks to all our Senior customers who attended Digital Seniors Training during the month of July.

Last month, we hosted over 200 customers at 9 different branches throughout the country. They all signed up to use the Scotia Caribbean App and Scotia OnLine Banking and learned how to add bill payees, transfer recipients, share receipts, view e-statements and more!

"I knew a little about it but through this experience, I now know more about bill payments and transferring money between accounts. I thank Scotia very much for their assistance to the senior citizens. We do need that help."

- Senior Customer

Are you a senior who is interested in learning how to use our digital banking platforms? Visit tt.scotiabank.com/seniors to learn more.

It starts with you.
