

Fleet vehicle leasing and management solutions

If your company operates a fleet of vehicles, we can connect you with a vehicle leasing and fleet management provider for competitive products and services. Our strategic alliance with TransportAction Lease Systems Inc., a leader in the industry, will work with you to provide a solution tailored to meet your needs.

Balancing maintenance and costs

We know how important it is for fleet managers to control vehicle operating costs and to keep vehicles maintained at peak condition. TransportAction's **Maintenance Management Program** provides ongoing control of fleet operating costs, focusing directly on controlling maintenance costs.

- Establish a customized program for maintenance and repairs
- Access a nationwide network of fuel, maintenance and repair facilities
- Experienced maintenance technicians

Accessing discount savings on fuel and maintenance

The nationwide presence of TransportAction provides unprecedented volume purchasing power, which in turn means significant discount savings for you on fuel and maintenance. With the **National Service Card Program**, every driver or vehicle receives a service card for simple and easy access to everything – fuel, tires, repairs and servicing, roadside assistance or car rental.

- Nationwide acceptance at over 26,000 outlets
- Savings on fuel, tires, repairs and service
- Established uniform discount prices

Adding value by maximizing vehicle sale price

Getting the best possible vehicle sale price is something at which TransportAction excels. The **Vehicle Remarketing Program** allows you to maximize the sale value of each vehicle at the end of its service life. TransportAction knows the business inside out, and has the people and systems in place to make it happen.

- Unrivaled experience in used vehicle marketing
- Vehicles offered for sale wherever the demand is highest
- Sale proceeds and full paperwork promptly delivered to client

Providing a comprehensive, customized and complete approach

If you're looking to outsource your vehicle fleet operations, TransportAction has a flexible and cost-effective program in place. With the **Total Fleet Management Program**, a customized program can be designed to ensure your needs are met and you get the maximum cost savings with minimum intervention.

- Operating policy established at outset
- Vehicle financing and leasing
- Includes National Service Card, Maintenance Management and Vehicle Remarketing Programs
- Consolidated billing, custom reports and Taxable Benefit reporting
- Vehicle licensing and renewals
- Reports on drivers' license status

Gaining control over your operating expenses

TransportAction's program and services are competitive and can be tailored to meet your needs. You can control your overall fleet fixed and operating vehicle expenses, access discounts for fuel and maintenance purchases, and secure consistent vehicle pricing. You also have access to a full complement of fleet management programs and the opportunity to obtain the best pricing on asset disposal.

Once you've expressed your fleet needs to your Scotiabank representative, we'll introduce you to TransportAction. A fleet management specialist will consult directly with you about your requirements. TransportAction will then recommend programs and services that best suit your needs.
