**Yield from distributions is calculated by dividing the aggregate distributions per unit for the 12 month period ending on the date above by the NAV per unit on the last business day of the month immediately prior to the beginning of the 12 month period.

* For Premium T-Bill accounts in excess of \$250,000 and in excess of \$1,000,000, management fee rebate commenced on Oct 26, 1998. Distributions include rebated management fees.

^ Annualized and total net returns based on earliest available data: Canadian Income Fund (Mar. 1973); Canadian Growth Fund (Dec. 1964); Global Growth Fund (Dec. 1964).

E&OE

ScotiaFunds are offered by Scotia Securities Inc., a corporate entity separate from, although wholly-owned by, The Bank of Nova Scotia. Commissions, trailing commissions, management fees and expenses may be associated with mutual fund investments. Important information about ScotiaFunds is contained in the Funds' simplified prospectuses. Copies are available through all branches of The Bank of Nova Scotia, Montreal Trust, National Trust and Scotiabank and Trust. Please read the prospectus before investing. The indicated rates of return are the historical annual compounded total returns as at April 30, 2008 including changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any unitholder that would have reduced returns.

For cash equivalent funds, there can be no assurance that the funds will be able to maintain their net asset value per unit at a constant amount or that the full amount of your investment in the funds will be returned to you. Annualized historical yields are based on the seven day period ended on April 30, 2008, annualized in the case of effective yield by compounding the seven day return, and does not represent an actual one-year return. The performance data provided for cash equivalent funds assumes reinvestment of distributions only, and does not take into account sales, redemption, distribution or optional charges or income taxes payable by any unitholder that would have reduced returns.

Mutual funds are not insured by the Canada Deposit Insurance Corporation, the Regie de l'assurance-dépôt or by any other government deposit insurer, and are not guaranteed by The Bank of Nova Scotia, Montreal Trust or National Trust. Mutual fund values change frequently and past performance may not be repeated. The performance of the index funds is expected to be lower than that of each of their respective indexes. The Scotia CanAm Index Fund, Scotia Nasdaq Index Fund and Scotia International Index Fund track the performance of each of their respective indexes primarily through the use of derivatives.
