Ready to apply? What you need to know first:

The Process:

It's online, it's quick, and it's easy!

Once you submit your completed application online, we will send you a secure email within a few minutes; Follow the instructions in this email to access the Scotiabank Secure Email Service. At the same time, we'll process your application instantly and send you a second secure email with your Scotiabank Investment Account number and wire transfer details.

You can then fund your new account by wiring your money to your new investment account. You should plan for your international wire transfer to take approximately 5 business days to reach Scotiabank. Please check with your local remitting bank for a more specific time frame.

Once Scotiabank receives your wire transfer we will move the funds to your Scotiabank Investment account, this process takes up to 5 business days. Once funds are deposited into your Investment account, we will send you an email with an "Investment Directions Confirmation" which you will use to obtain your Study Permit.

Once you have your study permit and move to Canada, make an appointment to visit a [Scotiabank branch](#) of your choice and activate your account. After confirming your identification/documentation we will open a personal Deposit account and make an initial deposit of \$2,000 CAD plus any accrued interest from your Scotia Investment Account. The remaining \$8,000 CAD will be set up in a non-redeemable GIC - Guaranteed Income Optimizer (GIO) - a one year term – with fixed equal monthly payments for deposit to the Student Banking Advantage Plan account.

Secure Email:

Once you apply, Scotiabank will send an email with a link for you to register for Scotiabank Secure Email Service. The email will be sent from ems@scotiabank.com to your personal email. Follow the instructions in this email to access the Scotiabank Secure Email Service.

- **Register with the same email address you provided on your Scotiabank Student GIC Program Application.**
- This service ensures that all communication between Scotiabank and you, including your personal and confidential information is protected.

Funding your new account:

To complete the set-up of your Scotiabank Student GIC account you will be required to remit \$10,000 CAD to Scotiabank for your Scotiabank Investment Account, plus \$200 CAD to cover administrative fees, for a total of \$10,200 CAD.

- Money sent to fund your GIC with Scotiabank in Canada must come from your own bank account in your home country. Funds transferred from the bank account of third parties (e.g. parents name only, relatives and/or friends) will be rejected.
