

États-Unis influencent votre facture d'épicerie

Le Canada et les États-Unis sont étroitement liés. Lorsque l'économie américaine change, les Canadiens le ressentent à la caisse. L'une des raisons, ce sont les tarifs douaniers : des taxes sur les produits importés qui peuvent rendre les articles de tous les jours plus coûteux.

aussi les pièces et plusieurs fois les front

Pièces automobiles

Les pièces automobiles canadiennes peuvent traverser la frontière américaine jusqu'à huit fois pour être traitées et assemblées avant de revenir sous forme de véhicules finis.

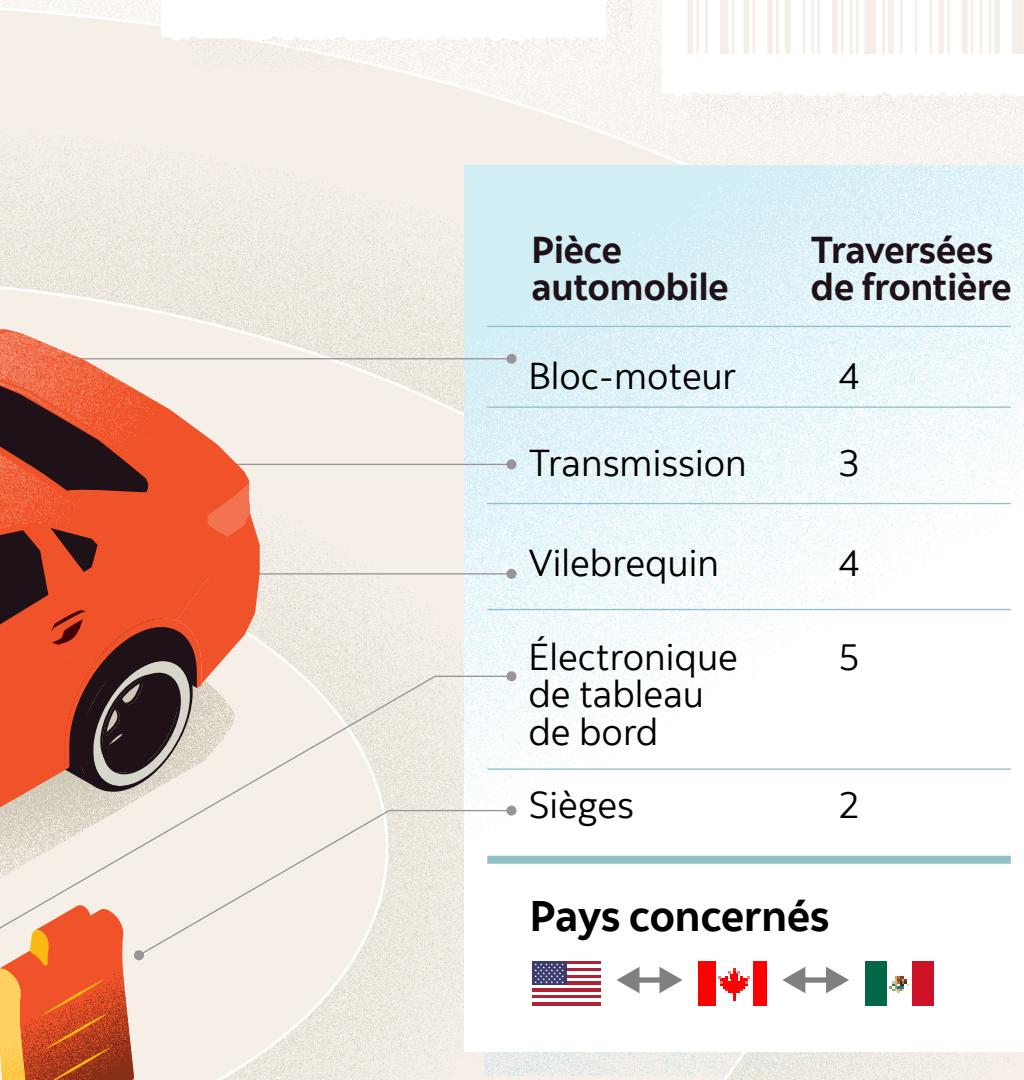

The diagram features a large, dark grey circular arrow on the left side, representing the flow of goods. Inside this circle, there are four white line-art icons: a wheat stalk at the top, a grain sack with a small bag below it, a coffee cup with beans at the bottom, and a milk carton on the right. Arrows connect these icons in a clockwise cycle: wheat to grain sack, grain sack to coffee cup, coffee cup to milk carton, and milk carton back to wheat. To the right of the circle, the text "3 à 5 traversées de frontière" is written in orange and red, with "traversées de frontière" in red, indicating the number of border crossings for these products.

Combien pourrait coûter un biscuit aux pépites

Produit	Taux de douane
Farine	0 %
Beurre	25 %
Chocolat	35 %

The image features a large, stylized graphic element in the upper right corner. It consists of a red circle with a yellow border. Inside the yellow border, there is a small map of Canada with various provinces outlined in white. Below the map, the letters "ACELIM" are written in a bold, sans-serif font. The background of the slide is a light grey, and there is a thin blue horizontal band near the bottom.

A decorative banner consisting of a string of dark teal triangular flags hanging from the top edge of the frame.

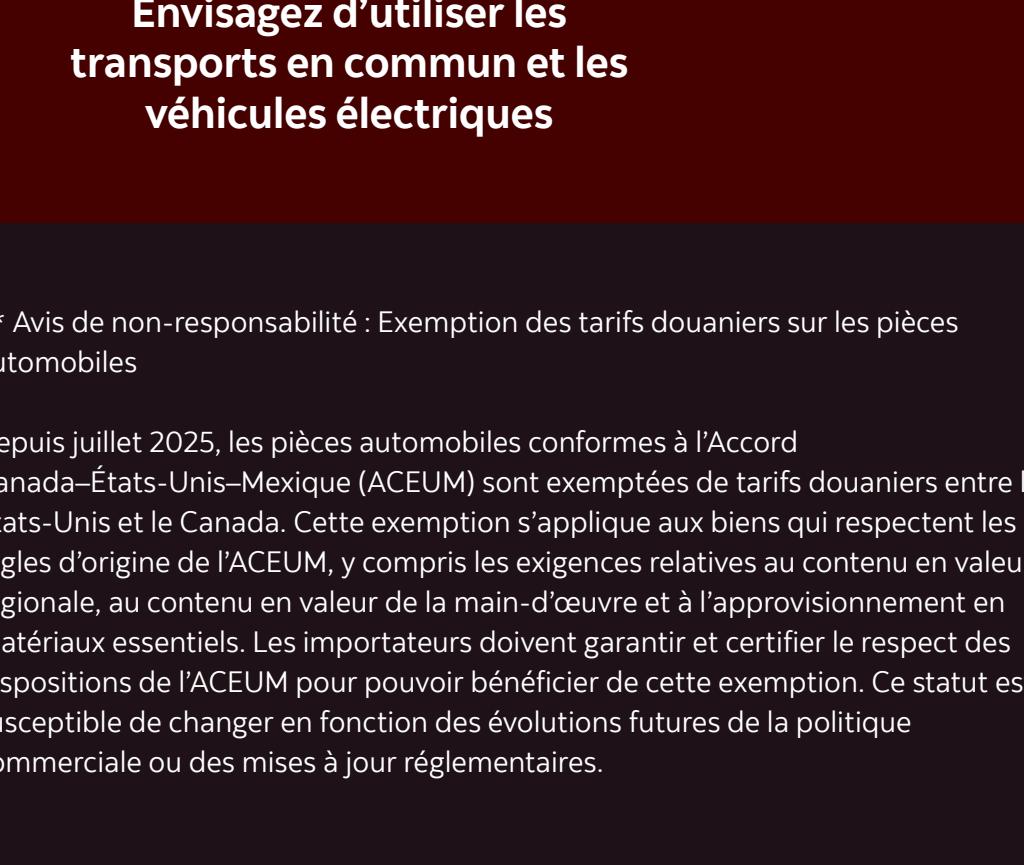

The image features a solid dark red background. In the lower-left corner, there is a circular white graphic element. Inside this circle, there is a stylized, abstract design composed of red and white shapes, possibly representing a flower or a similar motif.

An illustration of a red car with its hood open, showing the engine compartment. Several components are highlighted with callout lines and labels: a yellow air filter labeled 'AIR FILTER', a yellow oil dipstick labeled 'OIL DIPSTICK', and a yellow oil cap labeled 'OIL CAP'. The car is shown from a front-three-quarter perspective.

An illustration showing a yellow and red DNA double helix on the left, and a red rectangular control panel with two circular dials and a small screen in the center on the right. The control panel has a grid pattern and several buttons.

A stylized speedometer graphic with a red face and yellow markings, set against a white background.
