The CDs include waivers of the branch-creditor provisions (which are sometimes referred to as “marshalling” or “ring fencing” provisions) of the U.S. banking laws applicable in the case of certain bankruptcy, insolvency, liquidation, winding-up or dissolution events involving the Bank.

**This Annex A includes important additional terms of your bail-inable CDs and is incorporated by reference into the accompanying final term sheet.** Capitalized terms used but not defined in this Annex A have the meanings ascribed to them in the accompanying term sheet.

#### **Canadian Bail-in Consent**

By its acquisition of an interest in any CD, each holder or beneficial owner of that CD is deemed to (i) agree to be bound, in respect of the CD, by the CDIC Act, including the conversion of the CD, in whole or in part – by means of a transaction or series of transactions and in one or more steps – into common shares of the Bank or any of its affiliates under subsection 39.2(2.3) of the CDIC Act and the variation or extinguishment of the CD in consequence, and by the application of the laws of the Province of Ontario and the federal laws of Canada applicable therein in respect of the operation of the CDIC Act with respect to the CDs; (ii) attorn and submit to the jurisdiction of the courts in the Province of Ontario with respect to the CDIC Act and those laws; (iii) have represented and warranted that the Bank has not directly or indirectly provided financing to the holder or beneficial owner of the CD for the express purpose of investing in the CDs; and (iv) acknowledge and agree that the terms referred to in clauses (i) and (ii) above, are binding on that holder or beneficial owner despite any terms of this CD, any other law that governs the CDs and any other agreement, arrangement or understanding between that holder or beneficial owner and the Bank with respect to the CDs.

Holder and beneficial owners of CDs will have no further rights in respect of their CDs to the extent those CDs are converted in a bail-in conversion under the bail-in regime (as defined below) other than those provided under the bail-in regime, and by its acquisition of an interest in any CD, each holder or beneficial owner of that CD is deemed to irrevocably consent to the converted portion of the principal amount of that CD and any accrued and unpaid interest thereon being deemed paid in full by the issuance of common shares of the Bank (or, if applicable, any of its affiliates) upon the occurrence of a bail-in conversion, which bail-in conversion will occur without any further action on the part of that holder or beneficial owner; *provided* that, for the avoidance of doubt, this consent will not limit or otherwise affect any rights that holders or beneficial owners may have under the bail-in regime.

By its acquisition of an interest in any CD, each holder or beneficial owner of that CD is deemed to have authorized, directed and requested The Depository Trust Company (“DTC”) and any direct participant in DTC or other intermediary through which it holds such interest in such CD to take any and all necessary action, if required, to implement the bail-in conversion or any other action pursuant to the bail-in regime with respect to the CD, as may be imposed on it, without any further action or direction on the part of that holder or beneficial owner or any paying agent for the CD.

For purposes of the accompanying final term sheet and this Annex A, “*bail-in regime*” means the provisions of, and regulations under, the Bank Act (*Canada*), the CDIC Act and certain other Canadian federal statutes pertaining to banks, providing for a bank recapitalization regime for banks designated by the Superintendent (*Canada*) as domestic systemically important banks, including subsection 39.2(2.3) of the CDIC Act, the Bank Recapitalization (Bail-in) Conversion Regulations (*Canada*), the Bank Recapitalization (Bail-in) Issuance

Regulations (*Canada*) and the Compensation Regulations (*Canada*), and in each case any successor statute or regulation thereto, as amended from time to time.

**For important information about the bail-in regime and this consent, see the “*Special Notice for Investors of Bail-inable Yankee CDs*” on the Bank’s website at <https://www.scotiabank.com/content/dam/scotiabank/canada/en/documents/about/investors-shareholders/Website-Disclosure-for-Bail-Inable-CDs.pdf>, which information is herein incorporated by reference.**

#### **Waiver of Certain Priority Rights under U.S. Banking Laws**

By its acquisition of an interest in any CD, each holder or beneficial owner of that CD is deemed to irrevocably waive its rights, at any time when any of the events described in clause (i) under “*Events of Default*” has occurred and is continuing, and the Department or OCC, as the case may be, takes possession, or is in possession, of the business, property and/or assets of the Branch:

- to establish an accepted claim for purposes of Section 204.120 of the Texas Finance Code and/or an allowed or proved claim for purposes of Section 4(j) of the International Banking Act, and
- to any preference to which it may become entitled under Section 204.120 of the Texas Finance Code, under Section 4(j) of the International Banking Act or under any other similar law to the extent necessary so that the CDs are not legally or economically senior to the Bank’s depositors and/or other general creditors.

In order to implement this waiver, by its acquisition of an interest in any CD, each holder or beneficial owner of that CD is deemed to have agreed that the Department or the OCC, as the case may be, at any time when any of the events described in clause (i) under “*Events of Default*” has occurred and is continuing, and the Department or OCC, as the case may be, takes possession of the business, property and/or assets of the Branch, will apply any amounts that would be due to the holders of CDs in the absence of this waiver in the following order:

- first, to the payment in full of all deposit liabilities and all other liabilities of the Bank, acting through the Branch and, if the OCC takes possession, through all the other branches and agencies of the Bank in the United States (other than the CDs and any other liabilities of the Bank, acting through the Branch or through any of its other U.S. branches and agencies, that have also waived the benefit of the separate proceedings under Section 204.120 of the Texas Finance Code, Section 4(j) of the International Banking Act or under any other similar law) and to any other claim accorded priority under any U.S. Federal or Texas State law that is then due and payable, the priorities to be ascribed among those claims to be determined in accordance with those laws;
- second, if applicable, to pay any amount remaining to any liquidator of other offices of the Bank in the United States in accordance with Section 204.120(e) of the Texas Finance Code; and
- thereafter, to pay any amount remaining to the Bank in accordance with Section 204.120(e) of the Texas Finance Code, which may entail payment of the remaining amounts to a liquidator, receiver, or similar official appointed with respect to the Bank or its assets for application (i) first, to the payment, equally and ratably, of amounts due and owing on any and all obligations of the Bank ranking senior in right of payment to the CDs, whether by priority accorded under law or otherwise, (ii) second, to the payment, equally and ratably, of amounts due and owing on the CDs and all obligations of the Bank ranking *pari passu* in right of payment with the CDs, and (iii) thereafter, to the payment of all obligations of the Bank ranking junior in right of payment to the CDs.

Moreover, if any of the events described in clause (i) under “*Events of Default*” occurs and is continuing after the Department or the OCC, as the case may be, has taken possession, or is in possession, of the business, property and/or assets of the Branch and prior to the repayment of the CDs, then any funds from the assets of the Bank in the State of Texas or the United States (including the assets of the Branch and any other U.S. branches and agencies of the Bank) available for repayment of the CD shall be paid in accordance with the immediately preceding paragraph.

In addition, by its acquisition of an interest in any CD, each holder or beneficial owner of that CD is also deemed to have agreed that, if that holder or beneficial owner receives or recovers, with respect to that CD, any payment or distribution of the assets of the Branch (or the other U.S. branches and agencies of the Bank), or any other assets of the Bank available to satisfy the claims of creditors of the Branch (or the other U.S. branches and agencies of the Bank) in the United States by reason of the operation or application of Section 204.120 of the Texas Finance Code, Section 4(j) of the International Banking Act or any other similar law, of any kind or character, and whether that payment or distribution is in cash, property or securities and which may be payable or deliverable (including by way of set-off by operation of law or otherwise), at any time when any of the events described in clause (i) under “*Events of Default*” has occurred and is continuing, then that holder or beneficial owner will promptly pay over or deliver to the Bank (or as may be otherwise directed by any liquidator, receiver, or similar official who is acting in connection with the exercise of the bank resolution powers in respect of the Bank under the CDIC Act) the payment or distribution or an amount equal to the payment or distribution.

### **Waiver of Set-Off and Netting Rights**

No holder or beneficial owner of a CD may exercise, or direct the exercise of, claim or plead any right of set-off, netting, compensation or retention in respect of any amount owed to it by the Bank arising under, or in connection with, that CD, and each holder or beneficial owner of a CD, by its acquisition of an interest in the CD, is deemed to irrevocably and unconditionally waive all such rights of set-off, netting, compensation or retention. Notwithstanding the foregoing, if any amounts due and payable to any holder or beneficial owner of any CD by the Bank in respect of, or arising under, the CD are purportedly discharged by set-off, netting, compensation or retention, without limitation to any other rights and remedies of the Bank under applicable law, such holder or beneficial owner shall promptly pay to the Bank an amount equal to the amount of such discharge and, accordingly, any such discharge shall be deemed not to have taken place and such set-off, netting, compensation or retention shall be ineffective.

### **Events of Default**

The occurrence of any of the following events will constitute an “Event of Default”:

- (i) the Bank becomes insolvent or bankrupt or subject to the provisions of the Winding-up and Restructuring Act (*Canada*), or any statute hereafter enacted in substitution therefor, as such Act, or substituted Act, may be amended from time to time, or if the Bank goes into liquidation, either voluntary or under an order of a court of competent jurisdiction, passes a resolution for the winding-up, liquidation or dissolution of the Bank, is ordered wound-up or otherwise acknowledges its insolvency;
- (ii) the Bank commences a voluntary case or proceeding to liquidate, wind-up or dissolve the Branch under applicable U.S. Federal or state law, or
- (iii) the Department or the OCC, as the case may be, takes possession, or is in possession, of the business, property and/or assets of the Branch, or a receiver is appointed with respect to the Branch, under Sections 36.004 and 204.120 of the Texas Finance Code or Section 4(j) of the International Banking Act, as applicable.

If an Event of Default occurs and is continuing with respect to the CDs, the entire principal amount of and any accrued and unpaid interest on all of the CDs will become immediately due and payable without any declaration or other act on the part of the holders of the CDs.

Acceleration will occur only if an Event of Default has occurred and an order has not been made pursuant to subsection 39.13(1) of the CDIC Act in respect of the Bank. Notwithstanding the occurrence of an Event of Default in respect of the CDs and the acceleration of the CDs, the CDs will continue to be subject to bail-in conversion until repaid in full. If less than all of the CDs are converted in a bail-in conversion, the portion of the CDs that is not converted will remain outstanding in accordance with their terms.

### **Voluntary Branch Liquidation**

So long as any CD remains outstanding, the Bank will not, without the prior approval of the Superintendent (*Canada*), commence a voluntary case or proceeding to liquidate, wind-up or dissolve the Branch if such liquidation, winding-up or dissolution would lead to a breach of the Bank's TLAC requirements as a result of the repayment of that CD and any other debt instruments then outstanding (including certificates of deposit) that are obligations of the Branch.

### **Subsequent Holders' Agreement**

Each holder or beneficial owner of a CD that acquires the CD in the secondary market and any successors, assigns, heirs, executors, administrators, trustees in bankruptcy and legal representatives of any holder or beneficial owner will be deemed to acknowledge, accept, agree to be bound by and consent to the same provisions specified herein to the same extent as the holders or beneficial owners that acquired an interest in the CD upon its initial issuance, including, without limitation, with respect to the acknowledgement and agreement to be bound by and consent to the terms of the CD related to the bail-in regime and the waiver of the separate proceedings under Section 204.120 of the Texas Finance Code or Section 4(j) of the International Banking Act, as applicable.

### **Governing Law; Submission to Jurisdiction**

The CDs are governed by and construed in accordance with the laws of the State of New York, except that (i) the provisions relating to the contractual consent to bail-in by holders and beneficial owners of CDs in the first paragraph under "*Canadian Bail-in Consent*" above are governed by and construed in accordance with the laws of the Province of Ontario and the federal laws of Canada applicable therein, and (ii) the provisions relating to the waiver of the priority rights under Section 204.120 of the Texas Finance Code described under "*Waiver of Certain Priority Rights under U.S. Banking Laws*" above are governed by and construed in accordance with the laws of the State of Texas. By its acquisition of an interest in any CD, each holder or beneficial owner of that CD is deemed to attorn and submit to the jurisdiction of the courts in the Province of Ontario with respect to actions, suits and proceedings arising out of or relating to the operation of the CDIC Act and the laws of the Province of Ontario and the federal laws of Canada applicable therein in respect of the CD.
