

# SCHEDULE A (Closed Mortgage)

to a Mortgage or Charge (the "mortgage"), covering residential property containing not more than 4 dwelling units made between

and **SCOTIA MORTGAGE CORPORATION** dated

## Prepayment Terms and Conditions

### Prepayment Charges – Paying off your mortgage before the maturity date.

You may prepay some, or the entire mortgage early, based on the type of mortgage you have. If we later agree to change or extend the terms of the loan, these prepayment conditions do not apply to the new renewal or extended term. The terms used in this schedule have the same meaning as in the mortgage.

#### Miss-a-Payment® Option

You may miss any scheduled payment, as long as you have prepaid an amount equal to the amount of the payments you intend to miss in this term and your mortgage is not in default. You cannot, however, miss your Mortgage Protection premium, if applicable. Extra payments or prepayments may not be used to miss a payment if this mortgage is assumed by a subsequent purchaser.

#### Continuing Liability

Unless you prepay the balance of the principal amount owing, you must continue to make your regular mortgage payments.

#### Closed Prepayment Type

Providing all your mortgage payments are up to date, you may increase your payments, or pay off some of your mortgage early in one of the three ways listed in the following chart. These options apply to partial prepayments only. The options are available each year and cannot be saved to use in a later year. Each year is defined as the 12-month period starting on the Term Start Date (also referred to as the Interest Adjustment Date) or the anniversary of that date. If your mortgage term is less than 12 months, these options are available in each term.

PREPAYMENT OPTIONS		
How	When	What it means
1 *by paying an extra regular mortgage payment (principal, interest and taxes)	on any regular payment date during the year	your principal mortgage balance will be reduced by that amount
2. *by paying one or more additional amounts up to a total of 15% of the original principal amount of your mortgage	at any time during each anniversary year (excluding day prepaid in full)	
3. by increasing your regular mortgage payment by up to 15% of the principal and interest payment set for the term of the mortgage	once each year of the term of your mortgage	

\*Only items 1 & 2 qualify for the *Miss-a-Payment* option

### Prepayment Charge

When you prepay some, or the entire principal of your mortgage, you will incur prepayment charges unless the partial prepayment is in accordance with the prepayment options chart. We use the following process to calculate the prepayment charge:

Step 1: We calculate the amounts that equal (A) and (B):

(A) 3 months' interest costs at the mortgage rate on the amount you want to pre-pay.

(B) *The interest rate differential*. This means the difference between the amounts calculated in (1) and (2):

(1) The present value of all interest you would have paid from the date of prepayment until the maturity date on the amount you want to prepay at the mortgage interest rate

(2) The present value of all interest that would be paid from the date of prepayment until the maturity date on the amount you want to prepay at the Current Interest Rate, less any rate discount you received on your existing mortgage.

Where:

The present value is calculated based on the remaining term to maturity in months (rounded up to the nearest month) and the number of monthly payments remaining in the term. When

calculating the present value in connection with (2), we adjust the principal and interest payment amounts because they would have been different using the Current Interest Rate.

The Current Interest Rate is the current posted interest rate offered by us for a new fixed rate closed term mortgage with a term that is closest to the remaining term of your existing mortgage (rounded up if exactly between 2 terms), which can be located at [www.scotiabank.com](http://www.scotiabank.com). As noted above, the Current Interest Rate will be discounted by any rate discount you received on your existing mortgage.

Step 2: We determine which amount is higher. The prepayment charge to pay out some, or the entire principal amount of your mortgage early, is the **higher** of the amounts calculated for (A) and (B).

If your term is greater than 5 years, and you prepay some or the entire principal amount of your mortgage after the 5th year, the maximum cost to prepay is (A) above.

If you received a cashback with your mortgage, the cashback amount will be repayable as outlined below under the heading *Cashback*.

#### Flexible Prepayment Type

In addition to the Closed Prepayment Type options and charges outlined above, if you have a flexible mortgage you may early renew your mortgage into a fixed rate closed term of one year or longer without a prepayment charge. If you receive a cashback with your mortgage, the cashback amount will be repayable as outlined below under the heading *Cashback*.

#### Cashback

If you receive a cashback with your mortgage, the cashback amount will be repayable if your mortgage loan does not remain outstanding with us for the full term. If your mortgage is partially prepaid, paid off in full, transferred, assumed, or renewed prior to expiry of the term, the cashback amount will appear as payable in any discharge or early renewal statement and will be calculated on an even, prorated basis using the following formula;

$$\text{Cashback Repayment} = \frac{\text{Remaining Term in months (rounded up)}}{\text{Original Term in months}} \times \frac{\text{Cashback Amount Received}}{1}$$

#### If You Move (Porting the Mortgage)

(1) If you sell your property and purchase another property within 90 days of the sale of your original property and you are not in default, and we agree in writing, you can move your existing mortgage to your new property. This means you may transfer the principal amount outstanding at the time of sale and your interest rate terms for the remaining term of the mortgage to the new property.

(2) This privilege may only be used for one new mortgage. This privilege may not be used for construction mortgages or any non-personal residential mortgages. In addition, to be eligible to move the mortgage to your new property, you must:

(a) meet our mortgage approval and mortgage transfer criteria, including any requirements of the mortgage default insurer, if applicable; and

(b) pay any processing and administration fees, mortgage default insurance premiums, legal costs and property valuation fees, and any other expenses we incur.

(3) You will still be required to pay all applicable prepayment charges, discharge fees and any cashback amount owing when you sell your property. If we agree to let you move the mortgage, we will refund such charges and amounts when we obtain the new mortgage, with the exception of discharge fees. If the principal amount of the new mortgage is less than the principal amount outstanding when you sold your original property, you are responsible for the applicable prepayment charges and any cashback amount owing on the difference.

(4) If the mortgage has mortgage default insurance, ask us to see if the mortgage default insurance can be moved.

#### Prepayment Charge Reduction

If you payoff your entire mortgage early and concurrently provide us with a qualifying replacement mortgage, you may qualify for a prepayment charge reduction. Your Servicing Branch will review the details with you.
