NOTES

Scotiabank

This document is not audited and should be read in conjunction with our Q4 2021 Quarterly Report to Shareholders and 2021 Annual Report.

Adoption of IFRS 16

The Bank has adopted the International Financial Reporting Standards 16 *Leases (IFRS 16)* issued by the International Accounting Standards Board (IASB) effective November 1, 2019, which replaced the International Accounting Standard 17 *Leases (IAS 17)* . IFRS 16 results in lessees accounting for most leases within the scope of the standard in a manner similar to the way in which finance leases were accounted for under IAS 17. IFRS 16 will apply to all leases with the exception of licences of intellectual property and rights held by licensing agreement within the scope of IAS 38 Intangible assets. Lessees will recognise a right-of-use ("ROU") asset and a corresponding financial liability on the balance sheet. The ROU asset will be amortised over the length of the lease, and the financial liability measured at amortised cost.

The adoption of IFRS 16 resulted in changes to the Bank's consolidated statement of financial position as below:

Comparative periods

Comparative periods continue to be presented under IAS17 and therefore is not comparable to the information presented for 2021 under IFRS 16.

For an explanation of how the Bank applies the requirements of IFRS 16 please refer to the significant accounting policy notes 3 and 4 in the Bank's 2021 Annual Report.

Non-GAAP Measures

The Bank uses a number of financial measures to assess its performance. Some of these measures are not calculated in accordance with Generally Accepted Accounting Principles (GAAP), which are based on International Financial Reporting Standards (IFRS), are not defined by GAAP and do not have standardized meanings that would ensure consistency and comparability among companies using these or similar measures. The Bank believes that certain non-GAAP measures are useful in assessing ongoing business performance and provide readers with a better understanding of how management assesses performance. These non-GAAP measures are used throughout this report and defined below.
