As permitted by the Canadian Securities Administrators and pursuant to an exemption from the proxy solicitation requirement received from the Office of the Superintendent of Financial Institutions (OSFI), we are using “notice and access” to deliver the management proxy circular (Circular) for our annual and special meeting of shareholders (Meeting) to both our registered and non-registered (beneficial) shareholders. This means that the Circular will be posted online for you to access instead of receiving a paper copy in the mail. Also as permitted under securities laws, we are using “notice and access” to deliver our 2025 annual report (Annual Report) to beneficial shareholders. This means that the Annual Report will be posted online for you to access instead of receiving a paper copy in the mail. Notice and access gives shareholders more choice, allows for faster access to the Circular and the Annual Report, reduces our printing and mailing costs, and is environmentally friendly as it reduces paper and energy consumption. Registered shareholders and beneficial shareholders who have previously provided standing instructions to receive a paper copy of the Circular or the Annual Report will receive those, as applicable.

You will find enclosed with this notice a form of proxy if you are a registered shareholder or a voting instruction form if you are a beneficial shareholder so that you can vote your shares (see “Voting” below). This notice presents only an overview of the more complete meeting materials that are available to you online. **We remind you to access and review all of the important information contained in the Circular and other meeting materials before voting.**

The Circular, the Annual Report and other relevant materials are available at:
