How Fees are charged.

Transaction, Deposit and Account Statement Fees: Transaction fees are charges for each item that goes through an account and deposit fees are for the processing of the cash, coin, cheques, and other items as they are deposited. Fees for account related charges that are not related to specific transactions are calculated and applied to each account per statement cycle.

Sundry Service Fees: These fees are applied for account activities such as supplying cash and coin, certifying cheques or stop payments. Fees are collected at the time the service is provided. All Accounts are subject to these fees where applicable.

Digital Banking and Cash Management Services: Our digital banking services deliver online access to account balances, transaction reporting, funds transfers and more. In addition, our cash management services help to monitor and manage cash flow. Fees associated with such services may be outlined in other service materials.

Basic Business Account

This describes our non-packaged account that provides a wide range of deposit and payment services on a “pay-per-use” basis. A monthly account maintenance fee, transaction and other sundry service fees are applied based on your account balance and services used.

Account Maintenance Fee	Included Transactions ¹	Special Features
\$10.95	One free transaction for each multiple of \$1,500 of your minimum monthly balance ³	Account maintenance fee waived when the minimum monthly balance is \$8,000 or over ³

Available in Canadian and U.S. Dollars

All deposits, withdrawals, and other account transaction services are charged on a “pay- per-use” basis. See Transaction, Deposit, Account Statement, and Sundry Service Fees charts on pages 12 - 16. Free transactions are awarded in the order as noted in the Transaction Fees chart on page 12. Fees are applied in the currency of the account.

Registered Charities and eligible Community Groups save, 50% and 35% respectively, on published Basic Business Account fees. Contact your branch for more details.

Free Transaction Allowance - Canadian and U.S. Dollar Accounts

One free transaction is applied in the order listed in the Transaction Fees chart on page 12.

Canadian Dollar Accounts: One free transaction is allowed for each multiple of \$1,500 of your minimum monthly balance maintained per account in the statement cycle period. For example, if you maintain a minimum monthly balance of \$3,000, you will get two free transactions.

U.S. Dollar Accounts¹⁰: The account statement cycle average credit balance must be more than the deposit float compensating balance. This is calculated per account statement cycle for each multiple of \$1,500 of the lesser of the minimum monthly balance or the surplus average balance.

Deposits to U.S. Dollar Business Accounts¹⁰

Deposits to U.S. Dollar Business Accounts may be subject to deficiency fees. Because it takes time to clear funds for items drawn in U.S. dollars, deposits made to U.S. Dollar Business Accounts are subject to a deposit-clearing float, which represents the value of the funds between the date of deposit and the date the bank receives value from the institution on which the item is drawn.

- The Investment Period is the period used to determine the monthly Investment Balance and aligns with the month-end statement cycle.
- The Fluctuating Balance is the portion of the balance, above the Investment Balance, that may change during the month.
 - The Fluctuating Balance equals the average monthly balance less the Investment Balance¹³

If you keep surplus credit balances of between \$25,000 to \$50,000,000 and are looking for high interest rates without locking into a GIC, consider the Business Investment Account.

Protecting your deposits

Canada Deposit Insurance Corporation (CDIC) is a federal Crown corporation that protects more than \$1 trillion in deposits. In the rare event a member financial institution faces failure, we step in to ensure you have continuous access to your money. We have a wide range of tools to enable this, including reimbursing depositors directly through deposit insurance coverage. These tools help support the overall stability of Canada’s financial system. Coverage is free and automatic – you don’t have to sign up.

What’s covered?

- Savings and chequing accounts
- Guaranteed Investment Certificates (GICs) and other term deposits
- Foreign Currency Deposits

What’s not covered?

- Mutual funds, stocks, and bonds

Not every financial product you own at your financial institution is eligible for CDIC protection. Visit cdic.ca to learn more.
